EDUCATION

- Jan 2016 - Current **Doctor of Philosophy, Statistics**
Iowa State University, Ames, IA
Major Professor: Dr. Heike Hofmann
Research Topic: Diagnostics for Random Forest Models
Expected Completion: December 2020
- Aug 2013 - May 2015 **Master of Science, Statistics**
University of Wisconsin, Madison, WI
- Sep 2009 - June 2013 **Bachelor of Arts, Mathematics**
Lawrence University, Appleton, WI
Graduated Magna Cum Laude
Senior Capstone: “An Explanation of Double-Error-Correcting BCH Codes”
- Summer 2012 **Study Abroad**
University of Granada, Centro de Lenguas Modernas, Spain
Fall 2010 Lawrence London Centre, England

AWARDS AND HONORS

- 2019 **Midwest Statistical Machine Learning Colloquium Poster Award**
Awarded for poster “Using LIME to Interpret a Random Forest Model with an Application to Bullet Matching Data”
- 2018 **ISU Department of Statistics Dan Mowrey Consulting Excellence Award**
Awarded in recognition of outstanding contributions in the area of statistical consulting while working toward a graduate degree.
- 2017 **ISU Department of Statistics Award for Experiential Development**
Presented to a student for excellent performance in multiple statistical efforts (teaching and consulting) as part of the graduate program.

WORK EXPERIENCE

- May 2018 - Current **Senior Statistical Consultant**
Agriculture Experiment Station, Iowa State University
· Mentored and trained new consultants
· Helped make administrative decisions
· Oversaw organizational tasks for the group
· Continued with statistical consultant responsibilities
- May 2016 - Apr 2018 **Statistical Consultant**
Agriculture Experiment Station, Iowa State University
· Provided statistical support on research projects for graduate students, professors, and staff from the colleges of agriculture and life sciences, engineering, human sciences, liberal arts and sciences, and veterinary medicine

- Advised clients on study designs and statistical analysis methods in areas of statistics including linear and generalized linear models, mixed models, data visualization, predictive modeling, multivariate analyses, and Bayesian models
- Assisted with the implementation of analyses in R, SAS, and JMP

Dec 2015 **Data Analyst**

Research Administration Office, Lawrence University

- Analyzed data from a study to compare the academic success and mood towards the university of undergraduates from freshman to sophomore years
- Performed statistical analyses using SPSS

Data Collection Assistant

Sep 2014 - May 2015 *Research Administration Office, Lawrence University*

- Assisted with the data collection for a study on the evaluation of warning lights installed at a busy crosswalk on the university campus
- Used Tracker software to determine the deceleration rate of vehicles from videos taken of cars approaching the crosswalk

WORKSHOPS

July 2019 **Industrial Math/Stat Modeling (IMSM) Workshop for Graduate Students**

The Statistical and Applied Mathematical Sciences Institute (SAMSI)

- Worked in a research group mentored by senior statisticians from Rho Inc.
- Analyzed continuously monitored glucose data using functional data analysis
- Wrote a report and gave a presentation on the analysis

TEACHING EXPERIENCE

Seminar Leader Summer 2018 **Predictive plant phenomics graduate student statistics bootcamp**

Iowa State University

- Led a one day statistics bootcamp
- Discussed randomization, confidence intervals, and design of experiments

Instructor Spring 2016 **STAT 101: Introduction to statistics**

Iowa State University

- Prepared and led lectures
- Wrote and graded exams
- Topics included summary statistics, visualization, normal distribution, hypothesis testing, confidence intervals, and JMP

Fall 2015 **MATH 107: Elementary statistics**

Lawrence University

- Organized the curriculum
- Prepared and graded homework and exams
- Topics included summary statistics, visualizations, randomization tests, bootstrap, normal distribution, hypothesis testing, confidence intervals, and R

Teaching Assistant Spring 2015 **BMI 552: Regression methods for population health graduate students**

UW Madison

- Taught labs
- Held office hours
- Topics included simple and multiple linear regression, logistic regression, survival analysis, and SAS

Fall 2014 **BMI 551: Introduction to biostatistics for population health graduate students**

UW Madison

- Taught labs
- Held office hours
- Topics included summary statistics, visualizations, probability, normal distributions, hypothesis testing, confidence intervals, and R.

Summer 2014	STAT 301: Introduction to statistical methods for non-statistics majors <i>UW Madison</i>
	<ul style="list-style-type: none"> · Prepared and led discussions · Graded homework and exams · Held office hours · Topics included summary statistics, visualizations, probability, normal distributions, hypothesis testing, and confidence intervals
Spring 2014	STAT 302: Accelerated introduction to statistical methods for statistics undergraduate majors <i>UW Madison</i>
	<ul style="list-style-type: none"> · Prepared and led discussions · Graded homework and exams · Held office hours · Topics included summary statistics, visualizations, randomization tests, bootstrap, normal distribution, hypothesis testing, confidence intervals, and R
Fall 2013	STAT 371: Introductory applied statistics for the life sciences <i>UW Madison</i>
	<ul style="list-style-type: none"> · Prepared and led discussions · Graded homework and exams · Held office hours and worked in the statistics help room · Topics included summary statistics, visualizations, probability, normal distributions, hypothesis testing, confidence intervals, and R
Mentor	Sep 2014 - May 2015
	Academic Mentor for Minority and First Generation Undergraduates <i>Center for Academic Excellence, University of Wisconsin, Madison</i>
	<ul style="list-style-type: none"> · Mentored minority and first generation undergraduate students enrolled in statistics courses · Met weekly throughout the semester with individuals or small groups to review statistical concepts from class and make the material approachable · Discussed and encouraged strategies for academic success
Tutor	Fall 2014 - Spring 2015
	Tutored undergraduate students in various introductory statistics courses at UW Madison

RESEARCH EXPERIENCE

Research Interests Model Assessment, Data Visualization, Random Forest Models, Interpretation of Machine Learning Algorithms, Generalized Linear Mixed Models, R Package Development

Ongoing Projects **PhD Research**
Iowa State University
Development of diagnostic tools for the assessment of LIME applied to interpret random forest models. Advised by Dr. Heike Hofmann.

ggResidpanel: An R package for easy visualization of model diagnostic plots
Iowa State University

Developed an R package that produces panels of diagnostic plots for one one, panels of plots for comparing multiple models, and interactive versions of the plots. Joint work with Dr. Katie Rey. Source code can be found at <https://goodekat.github.io/ggResidpanel/>.

Research Assistant

Iowa State University

Computation of profile confidence intervals for dose response curve models. Application to a toxicology study of monarch butterfly larvae exposed to insecticides. Collaborative work with Dr. Steven Bradbury and PhD Student Niranjana Krishnan.

CONTRIBUTED TALKS

Goode, K. and Hofmann, H. “Visual Diagnostics of a Model Explainer: Tools for the Assessment of LIME Explanations from Random Forests”. Joint Statistical Meetings. July 29, 2019.

Goode, K. “A Review and Discussion of Residuals for Mixed Models”. NCCC-170 Meeting. June 20, 2019.

CONTRIBUTED POSTERS

Goode, K. and Hofmann, H. “Using LIME to Interpret a Random Forest Model with an Application to Bullet Matching Data”, Iowa State University Graduate and Professional Student Research Conference and Midwest Statistical Machine Learning Colloquium. April 10, 2019 and May 13, 2019.

Goode, K. and Rey, K. “Introducing ggResidpanel: An R Package for Easy Visualization of Residuals”. Kansas State University Conference on Applied Statistics in Agriculture. Contributed Poster. May 2018.

SERVICE

2018 - Current	Graduate student representative to ISU statistics department faculty meetings
2018 - Current	Member of StatCom (Statistics in the Community)
2017 - 2019	Recycling coordinator for ISU STATers (Statistics Graduate Student Organization)
2017 - 2018	Treasurer for StatCom

COMPUTING SKILLS

Working Knowledge: GitHub, JMP, \LaTeX , R, R Markdown, SAS, Shiny, SPSS
Basic Knowledge: C, Mathematica
